Out-Patient Consultation Referral

Please Note: Patients will be seen by psychiatrist for a one-time consultation pending approval of the referral. This referral will be approved on the basis that the referring physician agrees to accept patient care once the psychiatric consultation is completed. If referral is not accepted referring office is expected to notify patient directly.

Our psychiatrists are not offering OHIP-covered ADHD assessments at this time. For more information about our comprehensive ADHD assessment program, please contact our administrative team or visit our website here.

BeWell Health Clinic will make two attempts to contact the patient when attempting to book. If the patient cannot be reached the referring provider will be notified.
